SHAPING TOMORROW
BLACK AUTONOMY IN AN AGE OF ERASURE

For two decades, the Black New England Conference has convened scholars, artists, activists, and community leaders to explore the past, present, and future of Black life in New England and beyond. Hosted by the Black Heritage Trail of New Hampshire, the conference is a flagship annual gathering that blends academic rigor with cultural celebration.

In 2026, as the nation approaches the 250th anniversary of the Declaration of Independence, our 20th anniversary theme—"Shaping Tomorrow: Black Autonomy in an Age of Erasure"—will confront urgent questions of representation, equity, and historical truth.
